POST & LAW

HOWARD POST, 207 G. LAW.
Real Estate Broker,
General Insurance Agents,
Rooms 400-500, Goff Building,
"Clarksburg, the Busy City."

NOTICE

In going over the city in my inspection, I find a number of vacant lots full of cans, rubbish and filth. These lots must be cleaned up and put in a sanitary condition.

There is a city ordinance which gives to the health officer authority to notify the owner or renter of such kind of property to clean the same up within forty-eight hours and in the event the same is not done, the health officer may employ men and teams, clean up such property, and charge to the property owner or the renter and collect for such expense.

It does not matter how much pride a citizen may take in their own home, if a vacant lot along the side is filled with old trash and rubbish it kills all the good looks they may add to their property looks and also places their family in just as much danger of ill health as if it were their own yard. The public is entitled to this protection and I am going to do all in my power to see that they get it. Clean up the vacant lots and make them look pure and clean.

On nearly every corner in the main part of the city is a waste basket to receive papers, peelings, etc. Take a tip and use them. It's a fine to throw such waste upon the streets and sidewalks.

Pen up the chickens, and see that the chicken yard is away from the residence thirty feet; then you are up with the law. Don't let your chickens annoy your neighbors by eating up his garden or scratching out all his lawn grass and flowers. cannot help but admire the good citizenship shown by a man a few days ago. He was advised that he had some chickens running loose and were annoying his neighbors. He at once sold the majority of his flock and fastened up the remainder. This man needed the chickens, but he wanted to do the right thing by others as well as himself. I am getting numerous complaints on the chicken nuisance and something must be done. There is a law and I am going to enforce it on this chicken yard business. Keep the yard clean—don't make a garbage can out of it. Stable manure must be removed or spread upon the gardens. It is now becoming a menace to health and must be gotten out of the bins.

Don't spit on the sidewalks. It may cost you something, just as unexpected as death—and when you least expect it. In a few days signs will be placed on the main streets to help you remember the teachings that mother gave you when at home. There will be a circus here May 4 that will clean your pocketbooks. There will be a clean-up day in Clarksburg May 10. Will it clean up your premises? Let us all join hands and clean up the city filth. You will have May 8 and 9 to get your old cans rubbish and filth to the side.

W. W. OURS,
Sanitary Officer

A million persons assembled in a crowd, with due allowance for three square feet to a person, would cover an area of about seventy acres.
